

Other Assessments

PSAT	It's a standardized test that provides firsthand practice for the SAT Reasoning Test™. It measures critical reading skills, math problem-solving skills, and writing skills. This test doesn't require you to recall specific facts from your classes.
ASSET®	Designed specifically for use at two-year colleges, is a paper-and-pencil test that measures academic skills and furnishes extensive background on students' educational goals and preparation. ASSET information is also useful for identifying and helping students with special needs for academic advisement, career counseling, and other services.
COMPASS™	It's a comprehensive computer-adaptive testing system that helps place students into appropriate college-level courses. It offers placement and diagnostic testing in mathematics, reading, writing, and includes placement testing for English as a Second Language (ESL) students.
